

BRIDGE OUT; AUTO PLUNGED IN STREAM STERLING MEN HURT

REV. COLLIN AND PROF. SCOVILLE WERE VICTIMS OF
ACCIDENT MONDAY

CLERGYMAN WAS UNCONSCIOUS

While School Head Suffered Three
Broken Ribs—No Warn-
ing Signals

A washout between Sterling and Morrison was the cause of what might have been a serious accident Monday evening and as it was, Prof. Albert Scoville of the Brown's Business College of Sterling, Rev. Collin of the Sterling M. E. church, were quite badly injured when the car driven by Prof. Scoville plunged into the stream against one of the stone abutments of the bridge which had gone down in the flood.

Men Were Injured
Professor Scoville suffered three broken ribs and Rev Collin was rendered unconscious and had his face badly cut. The three sons of Prof. Fred, who occupied the back seat of the car, escaped injury with the exception of Myron, whose face was also badly scratched.

Prof. Scoville was out on an advertising tour for his school and was returning from Morrison at about 8 o'clock, in the evening, when he noted the washout a few feet ahead of him in the dusk. He put on the brakes but the machine slid into the stream before it could be stopped, and hit the stone abutment, splintering the glass of the shield and breaking the car generally. The occupants of the car were plunged to their waists in the water, and the splintered glass cut the faces of Mr. Collin and Myron Scoville.

Doctor Near By
Closely following the Scoville car was a buggy and luckily one of the occupants was a doctor, who attended the injured people. Mr. Collin, who was unconscious, was hurriedly taken to the Sterling hospital.

No lantern, or warning signal of any kind marked the spot of the washout and it is said that it is probable that the highway commissioners will be made the defendants in a suit.

CAR ROBBERS WERE SENTENCED TODAY

PLEADED GUILTY IN COUNTY
COURT TO LARCENY
CHARGES.

This morning in county court on information filed by the states attorney, Bert Stiles, John Goodwin and Ross Walraven, giving their homes as Peoria, appeared and plead guilty to the charge larceny and confessed to having broken into a Northwestern car at Nelson and stealing eggs. Stiles was given a fine of \$1 and 20 days in jail while the others drew \$1 fines and 90 days in jail.

A railroad detective was sent to investigate robberies in the Nelson railroad yards and Thursday night a merchandise car was entered. The detective got in with the three boys and they later admitted the theft.

SEARCHING FOR BODIES IN FRENCH STREET, ERIE, PA.

Photo by American Press Association.

Erie's toll of dead that came in the wake of the cloudburst that smashed the city may reach seventy, according to the latest estimates by the authorities. The property loss will easily reach \$3,000,000 and the slice of the business center of the city cut through by the rushing waters will take several months to rebuild. Hundreds of volunteers, with the police, are searching the ruins for bodies. The city itself presents a scene of devastation. Houses and stores have been wrenched from their foundations and piled topsy turvy. The lane of ruin runs straight through the main arteries of business Erie, and scores of men are at work trying to bring order out of chaos. Thousands of sightseers throng the territory where death and destruction came tumbling down in the rush of waters.

Evening

Continued fine weather is bringing large crowds each day to Rock River Assembly Monday, usually a quiet day, was exceptionally well attended. Prof. Willis L. Moore, had a good audience last night, and gave one of the best addresses ever listened to by Assembly patrons.

The lecture was full of human interest. It amuses while it instructs it teaches while it diverts.

This afternoon Prof. Moore told of the "Reminiscences of the Chief Weather Man."

Volcanoes to Blame

Prof. Moore in his lecture last evening explained why we have had a cool summer with considerable more rain than in previous summers. He declared that the conditions this year are due to volcanic eruptions. The big volcanic eruption in the Aleutian Islands in 1912 and in Japan in 1913. These eruptions filled the air with large quantities of dust. It will require a long time for this dust to settle. Dust moats in the air are responsible for cool weather and rain. Perhaps next year conditions will change unless there should be one or more great volcanic eruptions.

COUNCIL DISCUSSES DANGER CROSSINGS AND AUTO SPEEDERS

CONSIDER ADVISABILITY OF ER-
ECTING WARNING SIGNS
AT CROSSINGS.

NO DEFINITE ACTION TAKEN

Illinois Central Heeds the Request of
Mayor Schmidt for Flagman
At Crossing.

The meeting of the council this morning was brief and after the reading of the minutes of the last meeting by City Clerk Grover and no new business came before the commissioners, adjournment was taken.

Some of the commissioners and Mayor Schmidt remained and discussed various matters, among which was the way motorists violate the speed limit on the paved streets and crossings where there is danger of accidents. Commissioner Van Bibber advanced the idea of placing danger signs at certain locations over the streets to be painted red with white letters warning drivers to slow down. It was thought hte signs should be placed no River street at the intersections of Hennepin, Ottawa and Crawford avenues, and on Third street just west of the arch and near the corner of College avenue to warn persons of street cars.

Mayor Schmidt asked the Illinois Central railroad to station a flagman at the North Crawford avenue crossing now that the street car tracks cross the Central there and the company has complied with the request. It has also been taken up with them to erect a large sign at the North Galena avenue crossing that can be read for some distance.

FORMER HARMON MAN IS DEAD

William Boyer Passed Away at Home
In Sterling Saturday

William H. Boyer, a former resident of Harmon township, passed away Saturday morning at his home in Sterling, death being the result of a paralytic stroke received about a year ago. Funeral services were held Sunday afternoon at his late home, with burial at Riverside cemetery in Sterling. Mr. Boyer was 79 years of age and is survived by his wife and nine children.

Dixon People Were Near Death When Auto Caught Fire

Mr. and Mrs. Lyle Taylor Victims
Of Accident Near
Byron

One of the large auto trucks owned by Lyle Taylor of this city was practically destroyed by fire Sunday night at about 10 o'clock about five miles north of Byron. Mr. Taylor and wife were on the truck and had barely time to get off the machine when the gas tank exploded and scattered the burning fluid in all directions. Practically all the woodwork on the truck was burned, all that remained being three rear stakes.

Mr. Taylor left here in the morning to go to Rockford for a disabled Ford car belonging to a Dixon man which had been left there. Arriving at Rockford Mr. Taylor found that by a little repairing the car could be run on its own power and after making the repairs the owner started with the car on the trip to Dixon. Mr. Taylor and wife followed him. When going up a hill near Byron the car was pulling hard through mud when suddenly there was a flash from under the platform at the side of the car. Mr. Taylor stopped and discovered the pan under the car to be aflame. He promptly assisted his wife off and they barely got to the side of the road when the explosion came. Monday Mr. Taylor took his other truck to drag the burned vehicle back to Dixon.

AVIATOR WILL FLY FROM ELGIN TO DIXON

DE LOYD THOMPSON TO MAKE A
CROSS-COUNTRY FLIGHT
AUGUST 21.

AUSPICES OF RACE ASSOCIATION

DeLoyd Thompson, America's foremost aviator, who at present holds the high altitude record for the United States and the "loop the loop" record for the world, will fly from Elgin to Dixon Saturday morning, Aug. 21, if weather conditions are favorable. He has entered into a contract with the Elgin Road Race association to give exhibitions, and on Friday, Aug. 20, will attempt to break the altitude and loop records. His cross-country flight from Elgin to Dixon is set for the following day.

Although Thompson's pay for his exhibition runs into four figures, he made it plain that his principal reason for going to Elgin was the advertisement which the event will give him.

"It will be the first time I have ever exhibited in a city as small as Elgin," he declared. "Were it not for the fact that on race day Elgin becomes a city of more than 100,000, I would not consider the offer."

DeLoyd Thompson recently returned to his home in Chicago after a triumphal tour of the Pacific Coast, during which he performed at the Exposition.

At Elgin he guarantees to "Let him self loose" and make his exhibition the most complete he has ever attempted.

In addition to attempting to smash the high altitude record, and loop the loop more than fifty successive times, he will present his latest creation, the "Undertaker's Drop" which was barred in several cities on account of the great risk. He will also show several other features which are new.

SCOTT AND VILLA CONFER
(Associated Press)

El Paso, Tex., Aug. 10—Gen. Villa crossed the international border early today and entered into a conference with Gen. Hugh Scott, chief of staff of the U. S. army.

(Associated Press)

Washington, Aug. 10—Commander McNamee, the senior American naval officer at Vera Cruz, has asked the navy department to send a battleship squadron to guard against foreign demonstrations which he fears.

Inciting Speeches.

The navy department has received a dispatch telling of speeches being made in front of public buildings and on the street corners in Vera Cruz in an effort to incite the people against foreigners, especially Americans. No acts of violence have been reported.

Battleships Ready.

Rear Admiral Benson, who is acting Secretary of the Navy, conferred with Secretary of State Lansing and Leon Canova, chief of the division of Mexican affairs, and as a result of the conference preliminary orders were given to the battleships Louisiana and New Hampshire at Newport, R. I., to be ready to depart for Vera Cruz.

Await Developments.

Their sailing, however, will depend upon further reports, as there is a desire on the part of the part of the administration to do nothing to stir up feeling that might embarrass the Pan American conference, which will resume deliberations at New York tomorrow.

Gunboat to Vera Cruz.

The gunboat Marietat has been ordered from Progreso, Mexico, to Vera Cruz so it may be utilized to take the Brazilian and Guatemalan ministers to New Orleans.

It is understood that President Wilson is inclined to grant Commander McNamee's request that a battleship squadron be sent to Vera Cruz and he will return to Washington soon.

Will Send One Ship.

Sec. Lansing stated this afternoon that but one warship would be sent to Vera Cruz and it will go to relieve the ship used to transport the Brazilian and Guatemalan ministers. Lansing denied that any military expeditions are being prepared and said such reports interfered with efforts to bring peace.

Washington, Aug. 10. — President Wilson has given his approval to the plan framed by Secretary Lansing and the Latin-American diplomats who met with him for the establishment of constitutional government in Mexico.

The new policy which provides for an adjustment of Mexico's troubles through the medium of the convention plan will be made known to the world soon after the adjournment of the Pan-American conference, which will meet at the Biltmore hotel in New York on Wednesday.

The sessions of the Mexican conference in New York in which Secretary of State Lansing, Paul Fuller and the six diplomatic representatives from Argentina, Brazil, Chile, Bolivia, Uruguay and Guatemala will take part will continue all of Wednesday and possibly run over into Thursday. The steps to be taken by the United States with the moral support of Latin America are substantially as follows:

First—An appeal will be made to the Mexican factions by the United States and by each of the six Latin American nations to compose their differences in a convention or by such other means as they may regard as practicable.

PROMISE TO PAW
PAW STILL HOLDS

SO ONE MORE BASE BALL GAME
WILL BE PLAYED IN
DIXON

ARE HERE FRIDAY AFTERNOON

Management Has Guaranteed Paw
Paw Return Contest
In Dixon

An agreement made some time ago with the management of the Paw Paw base ball team makes it necessary for the Dixon team to play one more game on the Lincoln park diamond this season, despite the announcement made Monday that no more games would be played at home Dixon promised Paw Paw a return game in this city—a game which the weather man prevented three times—and Paw Paw insists on seeing how poor the Dixon attendance is at ball games. Consequently the game will be played here Friday afternoon.

Paw Paw beat Dixon 2 to 1 in their first game; and are counting on repeating. On the other hand Stratton's men expect to even up the series and play off the tie in Rochelle or some other place where they can draw a good crowd. So the contest will undoubtedly be a hot one. Should the Dixon fans attend in sufficient quantity to show that they want week day games a few more contests may be arranged for the rest of the season.

A FALSE STANDARD OF CULTURE has gained ground in this century, which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided but the advent of Eugenics means much for the motherhood of the race. Happy is the wife, who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when head aches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed.

ROTATION

Rotation is the process of allowing one thing to follow another in swift alternation.

It was first utilized in America by old Andrew Jackson, who believed that if democrats could be allowed to rotate rapidly in offices formerly occupied by whigs party would be much more contented. This proved to be the case but the government suffered from dizziness most of the time.

Rotation in office was perfected until the department buildings were constructed with wide corridors in order to allow the outgoing and incoming forces to pass each other without disturbing the routine of government.

Rotation is also practiced on American farms with great success. By planting first one crop, then another, the farmer deceives the land into thinking it is getting a rest. This plan is also applied to the farmer's wife dispensable. But the could not rotate, with good results. By allowing his wife to rest up from the housework and is dodging shrapnel in the war, by milking and to rest up from milk. If the horse could speak he would be doing housework, many an give three cheers for rotation in all old style farmer makes the same wife its many phases.

STOCK DISEASE AGAIN
APPEARS IN ILLINOIS

Foot-and-Mouth Infection Found on Wheeling Farm.

Chicago, Aug. 10.—Strenuous efforts to check a fresh outbreak of the foot-and-mouth disease were made by government officials following the discovery of the disease among cattle on the farm of Henry Pearson, near Wheeling, Ill.

Dr. J. S. Jenison, in charge of the local office of the bureau of animal industry, with several assistants, hastened to Wheeling, which is fourteen miles northwest of Chicago. After the cattle on the Pearson farm were killed, a quarantine district, with a radius of five miles, was thrown about the farm.

Pearson had four cows, two of which were affected with the disease. Out of a total number of 324 hogs, 30 were affected.

"I can not say at this time just how serious the outbreak will be," said Dr. Jenison. "I have ordered a quarantine. Six inspectors are making minute inspection of all cattle in the vicinity."

The outbreak coming at this time of the year will prevent the opening of the stocker and feeder outlet at the yards here which would have taken place next week.

Thousands of cattle, sheep and hogs have been prepared for shipment here to be fattened for slaughter, but the outbreak of the foot-and-mouth disease will prevent the shipment of any live animals from the Chicago yards.

Farmers Are Harvesting Biggest
Known Wheat Yield.

966,000,000 BUSHELS SEEN

Experts of Department of Agriculture Give Out Estimates—Other Cereals Are Doing Just as Well—Acre Yield Is 16.3, While 1909-1913 Average Is 14.7.

Washington, D. C., Aug. 10.—American farmers are harvesting the greatest wheat crop ever grown in any country. It may reach a billion bushels. Department of agriculture experts today estimated the crop at 966,000,000 bushels, basing their calculation on the condition of the crop Aug. 1. Bumper harvests of other cereals and food crops are indicated.

Figures on Size of Crops.

The size of the country's important crops, forecast from their condition on Aug. 1 by the department of agriculture crop reporting board, is given below, with the production estimates forecast, from the July condition and the final harvest figures of last year. Comparison of the July and August forecasts shows the change in bushels of the harvest prospects as effected by weather and other conditions during the month.

Figures for winter wheat and rye are preliminary estimates.

Details of Yield Given.

Details of each crop, other than total production, as announced by the department, follow:

Winter wheat—Preliminary estimates show the acre yield as 16.4 bushels, compared with 19 last year and 15.6 the five year average.

Spring wheat—Condition 93.4 per cent of a normal, compared with 93.3 last month, 75.5 last year and 78.9 the ten year average. Indicated acre yield, 16 bushels, compared with 11.8 last year and 13.3 the 1909-1913 average.

All Wheat—Indicated acre yield, 16.3 bushels, compared with 16.6 last year and 14.7 the 1909-1913 average.

Corn to Exceed All Yields.

Corn—Condition 79.5 per cent of normal, compared with 81.2 last month, 74.8 last year and 80.6 the ten year average. Indicated acre yield, 26.7 bushels, compared with 25.8 last year, and 25.9 the 1909-1913 average.

Oats—Conditions 91.6 per cent of normal, compared with 93.9 last month, 79.4 last year and 80.2 the ten year average. Indicated acre yield 34.9 bushels, compared with 29.7 last year and 30.6 the 1909-1913 average.

Oats remaining on farms Aug. 1 was 55,607,000 bushels, compared with 62,467,000 last year and 59,417,000 the 1909-1913 average.

Barley—Condition, 93.8 per cent of normal, compared with 94.2 last month, 85.2 last year and 81.8 the ten year average. Indicated acre yield, 29.4 bushels, compared with 25.8 last year and 24.3 the 1909-1913 average.

Rye—Estimated acreage, 2,594,000, compared with 2,533,000 last year. Preliminary estimates show acre yield as 17 bushels, compared with 16.8 last year and 16.1 the 1909-1913 average.

BRITISH RECAPTURE
LINES ABOUT YPRES

Advance on a Front of 1,200 Yards at Hooge.

London, Aug. 10.—Sir John French, commander in chief of the British forces in France, reports that the trenches lost at Hooge, east of Ypres, in Belgium, have been retaken by British troops, who have advanced on a front of 1,200 yards.

"After a successful artillery bombardment, in which the French on our left co-operated effectively," the official report runs, "we attacked the trenches at Hooge captured by the enemy July 30. These were all retaken, and following up this success we made further progress north and west of Hooge, extending the front of the trenches captured to 1,200 yards.

"During this fighting our artillery shelled a German train at Langemark derailing and setting fire to five trucks."

Grand Jury to Probe Rock Island.

Washington, Aug. 10.—The department of justice has instructed Chas. F. Clynne, United States Attorney at Chicago, to lay before the federal grand jury the facts relating to the throwing of the Chicago, Rock Island & Pacific Railroad company into the hands of a receiver. This statement was made here tonight by a government official.

FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.
He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:
"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."
Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

SENSIBILITIES ARE DULLED.

We have all been saying it—how slight is the impression made by this hideous excursion disaster in Chicago compared with the effect it would have produced before the losses in the European war made death by wholesale so familiar a matter. The long strained sensibilities refuse to respond as of old. We are not hardened, but wonted. The experience is like that which this country went through in the Civil war. It is an abnormal situation, of course. That it is good for humanity few will claim. No wonder minds are giving way under the strain.

It is unprofitable to dwell on the terrible things in Europe, the frightfulness of a conflict without parallel, and it is good to keep our lives as near normal as possible. How many need this warning! It is for us to help where we can, but not to brood; to keep our interest in the little things of personal and family moment, which are the big things for us, the sweetness of toil, the incentive to doing our best in the one life that is given us to live. It is as possible to command the mind as it is to govern the body—both are servants of the will.

When one stops to place the wiping out of the lives in Chicago in proper perspective to the orderly ongoing of the city's life the magnitude of this tragic event is better realized. It plunges a city in gloom. No wonder Mayor Thompson and his party abandoned Chicago day at the San Francisco Exposition and hastened home by special train. The place of the city's head was close to bereavement that had come without warning and touched so many homes—but all officialdom is impotent beside the irreparable.—Springfield Republican.

NEGLECTED ART OF COOKERY.

Domestic economy is being strenuously preached in England, and there is no country in the world, except our own, where it is more needed; the English are more extravagant in domestic service, but in the waste of food the two countries have much in common. But it has not yet been sufficiently recognized in England that the foundation for the reform demanded is better cookery. In that country culinary art has deteriorated because left to the mercies of untrained cooks. Women of a class that in other countries is accustomed to deal expertly with the affairs of the household feel it necessary for the sake of gentility to let the servants do everything, which means that things which require some skill and knowledge are apt to be badly done except in great houses where high priced experts are employed. There are out-of-the-way corners where the old traditions of English cookery are still to be found, but English critics are the first to admit that, as compared with continental standards, the British kitchen is inferior and wasteful. There is sound economy in culinary skill, both in serving food and getting the most out of the human machine, and patriotic English women can do much in this field to help their country.—Springfield Republican.

A TRIFLE LATE.

Secretary of Commerce Redfield has made public correspondence which he had in the latter part of June with the owners of the steamer Eastland, which capsized in the Chicago river and sank at its dock the latter part of July. In that correspondence Secretary Redfield called attention to the fact that due provision for the protection of the lives of the passengers and crew had not been made. If it is pertinent for Mr. Redfield to make that correspondence public now, why should he not have made it public prior to the catastrophe, so the public would have had due warning?

The weather man is trying his best to retrieve himself in the estimation of the public and he is succeeding.

Shoplifters should operate in a drug store and maybe they'd pick up something that would help what's the matter with them.

It is suggested that Mr. Bryan might take his peace dove on a tour of the Mexican chautauqua circuit and give it a tryout where it is most needed.

Through the efforts of Mayor Henry Schmidt the Illinois Central has placed a flagman at the crossing of North Crawford and the Illinois Central railway. This precaution was worth all the trouble it took.

A large tree which floated over the dam during the high water has lodged between the dam and the bridge. It is unsightly and may also be the cause of the formation of an island at this point and the city officials are considering plans for having the obstruction removed.

MEXICAN PEACE PLAN ACCEPTED

U. S. and South American Conferees Reach Agreement.

PRESIDENT GIVES APPROVAL

Factions Which Agree on Provisional Head Will Be Recognized by All Governments—Arms and War Munitions to Be Withheld From Leaders Who Remain Out.

Continued from Page 4.

Second—If any faction fails to observe this injunction, the other factions will be expected to set up a government which will be recognized by the United States and the Latin American republics.

Arms Will Be Cut Off.
Third—The faction that refuses to support the plan will be barred from the privilege heretofore of obtaining support of any kind from either the United States or Latin America. This means that the opposing factions will be unable to get equipment for military forces or funds to further military operations.

Fourth—With a full understanding of the purposes of the United States and Latin America influential leaders in Mexico will proceed to the establishment of a provisional government. This government will at once be recognized by the United States and the other great powers.

Fifth—Through the good offices of the secretary of the treasury a plan will be devised to finance the new government of Mexico.

Pan-America in Accord.
To this plan for the establishment of a constitutional government in Mexico, Latin American as represented in the conference that will resume its sessions in New York on Wednesday has given its hearty approval. However, if any exigency arises that compels the United States to intervene with an armed force the Latin American republics will withdraw from participation in the endeavor of this government to restore order south of the Texas border and leave the situation to be handled by the United States alone.

Brazilian Minister Coming.
Within the next ten days a new figure will appear in the conferences to be held in Washington on Mexican affairs. This man will be Senor Cordoza, the Brazilian minister to Mexico, who has been representing the United States at the Mexican capital since relations with Mexico were severed at the time of the occupation of Vera Cruz. The minister has arranged to leave Mexico City in a day or two and will come to the United States.

The navy department instructed Commander McNamee, senior officer at Vera Cruz to lend the Brazilian minister a warship for transportation to New Orleans. Mr. Cordoza is understood to have an interesting story to tell about conditions in Mexico City. Months ago he urged the United States to act but his advice was ignored.

THOMAS YOUNG VERY ILL.
Oscar Young has been called from Dakota by the serious illness of his brother, Thomas, who several weeks ago sustained a fall and since then has been a great sufferer.

NEW FILING CASE.

A new steel filing case has been installed in the office of the county clerk. The office has been pressed for filing room and the case will facilitate filing papers of the various departments.

FOUR DRUNKS FINED.

This morning at the city hall Justice Grover Gehant fined Joe Sullivan, Michael Tague, Elmer Pittenauer and Robert McFarland, \$3 each and costs. The men were arrested yesterday on a charge of drunkenness.

PIETY AND PROSPERITY.

One Helps Not Hinders Others, Says the Rev. H. A. Hanson.

"Can a Man Be Successful in Business and Be a True Christian?" was the subject of the Rev. Henry W. A. Hanson's sermon at St. Luke's Lutheran church, Allegheny. He said a strange misconception was prevalent regarding the relation between piety and prosperity. Not all was success that seemed such, as not all was failure that seemed failure. He instanced Nebuchadnezzar at the height of his power, still far from the heights to which he might have obtained and, on the other hand, Moses dying in sight of the promised land; the prophets toiling and pleading, only to die with all their dreams unrealized; Christ moving among the sons of men in all the beauty of a sinless glory only to die upon the cross. The true measure of success depended not upon what we had, but what we were.

To be a Christian in life meant to bring down the noble impulses and principles revealed to us in the life and teaching of Christ into our daily thought and duties. Continuing the preacher said:

Any man who is engaged in a business directly or indirectly into which he cannot infuse these exalted ideals had better leave it. If your business unmans you, leave it—for what doth it profit a man if he gain the whole world and yet lose his self-respect and his soul?

It is possible to bring these ideals into our business life and achieve success? Even in the eyes of the world, honesty, manliness and Christian virtue are possessions recognized and admired. There has never been an age when sincerity and high Christian honor have had grander opportunity awaiting them. No matter what be your walk in life, to make the best man that you can be to all that God intended you should be, you must take religion into every phase of your work.

"I see no reason why one's piety should be an obstacle to one's prosperity, but I see many reasons why true piety should bring the highest prosperity. Piety and goodness are not a weight, but a power—they do not hamper, but they lift men higher."

The Uses of a Husband.

Vira, the Moroses's sable cook, announced to her mistress that she intended to be married the next week. Mrs. Morose was filled with regret. "Oh, Vira," she cried "I was afraid William would persuade you at last. You said you'd never leave us."

"Why, I isn't gwine to leave you, honey," and Vira patted the shoulder of her young mistress in a comforting way. "Is jes' mchelly marrying dat William now to keep him from pestering me. He's been roun' too much lately, an' yet if I cas' him off, he'll get into mixtrious compny. I's marrying dat boy to save him."

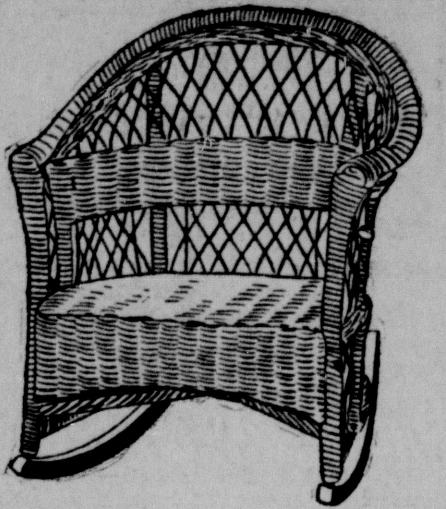

"Yes," said Mrs. Morose, somewhat reassured by Vira's tone, but slightly bewildered, nevertheless, "I know it will be a fine thing for you, Vira, but won't he want to take you away?"

"Whar he get de money?" inquired Vira, returning to her work of beating eggs with renewed vigor. "Is sabel do money fo' his honeymoon trip, and I's got his plans all laid out fo' him. He's got a ticket out to California an' to bring my ole farder back East; an' den I's gwine send him down Souf fo' my sister, an' den up in Canada fo' my brudder, an' when he gets dat famly all rounded up an' has to suppo't 'em mostly, you tink he's gwine be in a hurry to hab me to suppo't honey?"—Youth's Companion.

"Old" Peabody Banquet Hall.
A famous and historic landmark in Salem is soon to disappear. With the remodeling of the old Peabody house on Essex street the beautiful old banquet hall built by the owner, Colonel Francis Peabody, in 1870 for the purpose of tendering a banquet to Prince Arthur, representative of Queen Victoria, at the funeral of George Peabody that year, will disappear.

The room was finished in the style of the stalls of the Knights of the Bath in Westminster Abbey, being probably one of the finest pieces of architecture in this country. The light in the room is obtained by opening panel doors in the walls, which lead to long windows, not easily discovered by the stranger. The effect is that of a chapel, and a central chandelier adds to the subdued effect of this unique light from without.

The woodwork is carved English oak, and the furnishings are rich and heavy.

AT THE END OF A LONG HOT DAY

It's then we seek the cooling breeze of the porch,—It's then we want all the comfort and rest that easy Chairs, Rockers, Benches and Swings can give us, it's then we appreciate the value of easy Porch Furniture and we're glad that we made our selections of them.

If you knew how little these comfortable things cost and how really pleasing they are you surely would come and pick out the ones that you like best TODAY. Don't drag indoor furniture out-doors; it's a waste to do it when you may have real porch pieces at the price we're quoting. Come and see for yourself.

ROCK RIVER ASSEMBLY

Continued from Page 13

sic to please. The company gave a prelude this afternoon and demonstrated that they were real artists.

Their repertoire includes oratorios, opera scenes, costumed numbers and selections composed especially for them. While they adhere well to the great works of a serious nature, they also give many delightfully interesting but lighter and even humorous compositions.

Morning Session

This forenoon at 10 o'clock President Hoover of Carthage College delivered a very interesting lecture on the Home Life of the Russian.

He declared that true knowledge of Russia makes you love the Russian. Russia takes up one-sixth of the earth's surface; there are 180,000,000 people in that great country. Twenty per cent of the people live in towns and eighty per cent live in the country. Many of the country houses have but one room, and but three sides. In the colder weather they hang rugs and blankets on the fourth side. The Russian enjoys neat homes. Contrary to the general opinion, the Russian is not dirty. He never misselections composed especially for him. His cow, pigs, and poultry, live in the same house, in the same room with him.

Dr. Hoover told of the marriage customs. How the bargain between bridegroom and bride is made—generally purchased for some sum of money. In some homes there are as many as sixty people.

Wednesday morning at 10 o'clock Dr. Hoover will discuss the social life of Russia. This talk will certainly be very interesting.

Indian Lecture

Dr. Charles A. Eastman, full blooded Sioux Indian, will lecture Wednesday evening and at 2:30 Thursday afternoon he will again have a wonderful story to tell. Thursday is children's day, and all children 15 years and under will be guests of the management.

Carthage College Picnic

One of the big features of each Assembly session is the annual picnic of the students of Carthage College. This picnic will be held tomorrow afternoon at Loylell park. The party will leave the Assembly park at 3:30 tomorrow afternoon for Loylell park, where supper will be prepared and served in the usual camper's style. Both going and returning there will be songs, the good and popular college song. After the supper there will be speeches by President Hoover, Miss Crane, and students and friends of the institution. Many graduates from the nearby cities and towns will arrive at the Assembly in the morning.

Miss Ethel Virgin, whose concert last Friday evening was one of the truly delightful treats of the Assembly, has gone to the Dakotas to fill engagements. Her future will be watched with interest by Dixon people, to whom her rich, strong voice was decidedly pleasing. Miss Virgin's future is assured. A descendant of Gov. Dodge, the first governor of Wisconsin, she possesses the personality and forcefulness which made him a prominent statesman, and her training abroad has fitted her to become one of America's greatest singers. In every way, rendition, selection, variety, her concert was of decidedly high class.

Among the new arrivals are—Mrs. Laura Leverington and Mrs. Oscar Reed, Lena; Miss Della Aschenbrenner, Amboy.

Rev. Lescher of Burlington, Ia., member of the Carthage College Board of Education, arrived for a few days.

Miss Mary J. Burnham of the Amboy News office is spending a few days at the Assembly.

The Cafeteria plan of eating is not well understood by everybody. The Assembly has adopted that plan for this session. The hotel fed hundreds yesterday, among them many people from remote sections of the country. A hardy son of toil entered the cafe, picked up a tray, plate, paper

STOCK HOLDERS HELD MEETING THIS MORN

THREE DIRECTORS ELECTED
FOR ASSEMBLY—TO SELL
MORE STOCK.

The stockholders of the Rock River assembly of Lutherans met at the assembly grounds this morning, at which time Dr. F. D. Altman and W. A. Frye of this city and Rev. Hersch of Princeton were elected directors. It was voted to sell more stock in the institution, and to accomplish this a committee composed of George W. Smith, L. A. Pitcher and George Emert was appointed. They will make thorough canvass to that end.

Rev. T. B. Hersch of Princeton succeeds Anson Thummel of Sterling. Mr. Thummel after serving the institution a quarter of a century, earnestly requested to be permitted to give way for some younger man. President Thummel has reached the age of 74 years, and believes he has done his part and should be retired.

The report read this morning shows that \$700 has been expended during the year for improvements, repairs and taxes. It also shows that for the year beginning October, 1913, to October, 1914, over \$10,000 had been expended.

The stockholders elected Rev. Hersch chairman and H. M. Rasch as secretary of the meeting this morning.

"Tommy" Hersch, as he is known by all Lutherans connected with the local chautauqua, will become a valued member of the board. His whole soul will be put into the work.

Gen. Scott later said: "Villa assured me that the proposed meeting of nining men will be postponed indefinitely, that foreign merchandise that has been seized at Chihuahua will be restored and that violations of law will be prosecuted. My mission here has been accomplished."

CRIMINAL TENDENCIES.

After a careful study of 1000 young criminals and their ancestry Dr. Edith R. Spaulding, resident physician of the Reformatory for women at South Framingham, Mass., and Dr. William Healy, director of the Juvenile Psychopathic Institute, Chicago, have been able to find "only 15 cases which in the least suggest inheritance of criminal traits."

"In no case of the thousand," they say, "have we been able to discover evidence of anti-social tendencies in succeeding generations without also finding underlying trouble of a physical or mental nature, or such striking environmental faults or maladjustments as develop delinquency in the absence of defective inheritance."

They say there is much evidence of the indirect inheritance of criminal tendencies; that is to say, a child born of criminal parents is almost certain to be brought up in an environment that would tend to make him a criminal even if he had been born of the most moral parents.

It is impossible to say where heredity leaves off and environment begins. "With inherited imbecility, no environment could make a good citizen. On the other hand, if a normal individual were brought up in dives of vice from infancy, with no moral enlightenment, he, too, would be a poor type of citizen."

They regard habitual drunkenness as an expression of nervous weakness which may be either inherited or acquired. Commenting on one of the cases that seemed suggestive of criminal inheritance, they say:

"The boy, however, suddenly waked up in the midst of his atrocious environment, broke up his gang, reformed the worst member of it, and thereby upset our evidence that he had inherited any criminalistic tendencies. This made us skeptical of acceptance of 'proof' in the future."

Drs. Spaulding and Healy note two factors in producing young criminals that sometimes run in families and that are factors of genius as well as of crime. These are superabundant energy and lack of inhibitions. The first, with ideal environment and wise guidance, will make a man a valuable member of society, but with repression and undesirable associates is likely to make a criminal. The second manifests itself in a spirit of abandon and absence of fear that make its sub

When he finished the rounds he walked over to the check girl. She glanced over his well filled tray and placed thereon a check and remarked "85." The hungry man glanced at the check and remarked, "Gee, I thought I could get a meal for twenty-five cents and that called for anything I wished. But since I went to the trouble of filling this tray I'll make good and get away with it." He did and enjoyed his meal.

FIRST YEAR OF THE GREAT WAR EVENTS IN A BRIEF REVIEW

Diplomatic and Military Preliminaries and the Campaigns and Battles Which Followed In the East and In the West.

Naval and Miscellaneous Actions, Air Raids and Grave Diplomatic Incidents Involving This Country.

1. Battle on the Vistula, Poland, which began on the 7th, raged furiously, Russians having the advantage over Von Hindenburg.

2. Germans in front of Warsaw were checked and driven back to the river Piliza.

3. On the Piliza river, Poland, a desperate battle went against the Austro-Germans, who withdrew toward the river Warthe, abandoning Lodz and Radom.

4. Austrians were expelled from Kielce, Poland, by Russians marching southward on Cracow.

5. Sandomir, Poland, taken by Russian column aiming at Cracow. Austrians were retreating toward Cracow after reverse on San river.

6. Russians recaptured Jaroslavl, Galicia, which they had been forced to abandon in October.

7. Russians reached Pleschen, in Silesia, and entered East Prussia. The move in East Prussia threatened Koenigsberg, on the Baltic seacoast. The invaders of Silesia proved to be raiding Cosacks, who rode within 30 miles of the fortress of Thorn.

8. Russians under Gen. Rennenkampf occupied Johannsburg, in East Prussia.

9. Heavy fighting between Soldau and Stalluponen, in East Prussia. Germans defeated the Russians, driving them upon Plock, on the Vistula, in Poland.

10. Germans defeated Russians south of Kutno, Poland, but were on the defensive on the Gumbinnen-Angerburg line, East Prussia. Fighting was desperate in southwest Poland, where Russians were contending with Austrians alone for the passes to Cracow.

11. A great battle developed in Poland between the rivers Vistula and Warthe. The Germans lost Strykow, which they had captured on the 19th, and generally were checked.

12. Von Hindenburg's army defeated Russians in front of Lodz and Lwow, Poland, and again captured Strykow, a decisive success in the Warsaw campaign.

13. Russians captured Plock, on the Vistula, in Poland, and repulsed a German lunge at Lodz in front of Warsaw.

14. Von Hindenburg's Germans occupied Lodz, which Russians abandoned, retreating toward Warsaw.

15. Germans again captured the Russian post of Przasnysz, 50 miles north of Warsaw.

16. Austrians captured Radom, Poland, 57 miles south of Warsaw.

17. Austro-German forces cut the Radom-Ivangorod railway line south of Warsaw, menacing Ivangorod. Their advance columns reported within 15, 22 and 25 miles of Warsaw, on the west, north and south respectively.

18. Germans captured Russian fortress of Pultusk, north of Warsaw.

19. British fleet sunk five German warships off Helgoland.

20. German submarine sank British cruisers Aboukir, Cressy and Hogue in the North sea.

21. German warships bombarded Japanese position before Klanchau.

22. The German cruiser Emden, Capt. Carl von Mueller commanding, sank four British steamers and captured one off the coast of British India.

23. German cruiser Emden entered harbor of Penang and torpedoed Russian cruiser Jemtchug and French torpedo boat destroyer.

24. The Austrian fortress of Przemyśl, in Galicia, surrendered to the Russian army after a gallant and prolonged siege.

25. Russians advanced through Varcze pass, piercing the Austrian lines in the Carpathians.

26. Austro-Germans gained a victory on the Dunajec line in western Galicia.

27. Austro-German forces crossed the Dunajec, in Galicia, driving the Russians and making heavy captures.

28. Germans captured the Russian port of Libau.

29. Heavy fighting continued in West Galicia, where the Germans continued to drive the Russians eastward.

30. Austro-Germans recaptured Jaroslavl, on the west bank of the San river, Galicia, forcing the Russians to abandon the Carpathian mountains.

31. End of three days of heavy battles in Galicia, in which the Germans lost heavily, but were the victors.

32. Austro-German forces reached Grodek, a fortified town 15 miles from Lemberg, Galicia.

33. Germans captured Rawa-Ruska, a railroad center northwest of Lemberg and guarding that fortress.

34. End of three days of heavy battles in Galicia, after 10 months' occupation by a garrison of Grand Duke Nicholas' command.

35. Austro-Germans captured Halicz, on Dniester river, in Galicia, virtually controlling all eastern Galicia.

36. Germans again captured the Russian post of Przasnysz, 50 miles north of Warsaw.

37. Austrians captured Radom, Poland, 57 miles south of Warsaw.

38. Austro-German forces cut the Radom-Ivangorod railway line south of Warsaw, menacing Ivangorod. Their advance columns reported within 15, 22 and 25 miles of Warsaw, on the west, north and south respectively.

39. Germans captured Russian fortress of Pultusk, north of Warsaw.

40. British fleet sunk five German warships off Helgoland.

41. German submarine sank British cruisers Aboukir, Cressy and Hogue in the North sea.

42. German warships bombarded Japanese position before Klanchau.

43. The German cruiser Emden, Capt. Carl von Mueller commanding, sank four British steamers and captured one off the coast of British India.

44. German cruiser Emden entered harbor of Penang and torpedoed Russian cruiser Jemtchug and French torpedo boat destroyer.

45. Austro-Germans captured Jaroslavl, on the west bank of the San river, Galicia, forcing the Russians to abandon the Carpathian mountains.

Thirteen Killed. Eight women, four children and a man were killed and twelve more were wounded in the Zeppelin raid on the English coast.

Suiser Sunk. The British auxiliary cruiser Indian, 7900 tons, was torpedoed off the Swedish coast, Berlin states, 80 members of the crew being saved.

Dramatic Notes

FAMILY THEATRE. Tonights pictures include "Prehistoric Past," a two reel play featuring Charlie Chaplin; "The Coward," a three reel Essanay featuring Sheldon Lewis and Nell Craig, and "A Lucky Strike," a Lubin film.

PRINCESS THEATRE. Tonight the Princess will show "The Newer Way," an American drama, with Joe Gilraith and Vivian Rich in the leading roles, in which a demonstration of up-to-date farming is shown. This feature is very interestingly related on the screen. A Keystone comedy entitled "The Speeders" which is very funny. The last reel is a Majestic drama entitled "The Straw Man," a story in which a small boy and his grandfather are heroes.

DIXON OPERA HOUSE. Nine big reels of motion pictures will be shown at the opera house this evening. They include "Capt. Swift," a powerful drama in five parts; "The Battle of Running Bull," a rip-roaring comedy in two acts, and "The Diamond from the Sky," the 15th episode, in two parts.

OUR PUBLIC FORUM

III—Julius Kruttschnitt
On Financing Railroads

vo to say. Mr. Kruttschnitt, executive head of the Southern Pacific, has written an article dealing with the financing of railroads. He said in part:

"The financing of a railroad is a function which the people, through their servants, the Railroad Commissioners and the Legislators, have never attempted, but it is a most important problem, especially to sections of a State where new railroads are needed. The placing of securities has been left entirely with the promoter and owner of railroads.

"The immediate determination of what earnings the railroad shall be permitted to receive and what burdens it shall have put on it is in the hands of other servants of the public

—the Legislators and the Commissioners.

"Managing a railroad is quite different from managing a government where the money is raised by taxation. When the expenditures, for good reasons or otherwise, increase, taxes can be equally increased. The railroads, while servants of the public, cannot raise money with such ease and facility. The railroads must keep their expenditures within their incomes because while they have some control over their expenditures they have almost no control over their incomes, their rates being fixed by public authorities.

"There is not a railway manager in the country today who is not fearful that under the press of increasing demands the transportation systems of the country will, in a few years, break down, unless the railroads are allowed to earn larger funds wherewith to build it up. There are vast sections of the country, especially in the West, where more railroads are needed and they cannot be built unless the railroads raise new capital.

"People invest money in order to make money, and they are skeptical as to whether they can make money by investing in concerns that are dealt with stringently and unfairly. Railroad securities must be made more attractive to invite investments, and in order that they may be made more attractive, the roads must be allowed earnings that will enable them to meet the increased capital charges."

F. W. Meyer delivered in the neighborhood of 400 bushels of peaches to his customers in this vicinity this week. The prices were from \$1 to \$1.50 per bushel.

John Chason of Ashton was here on business Thursday.

Chas. Mackin and family were visitors in West Brooklyn on Friday forenoon.

The ladies of the Domestic Science club met at the home of Mrs. Edward Henry, Sr., on Wednesday afternoon. They report a very pleasant meeting.

The concert had to be postponed on Thursday evening on account of the continued inclement weather. The program which was to have been carried out that night and the preceding Thursday night will be played next Thursday. With favorable weather a large crowd is looked for Thursday evening as it will be three weeks since the last concert and the people will be more anxious to hear the music after so long a rest. Meet all your friends in West Brooklyn at this concert lasting from 8 to 9 o'clock.

Edward Bresson of Viola township was in West Brooklyn visiting with friends and transacting business on Thursday.

Andrew Fleuhr was over from Amboy on last Friday afternoon collecting for the Illinois Northern Utilities Co.

Mr. and Mrs. Jos. P. Sondgeroth were visitors in West Brooklyn Thursday.

The dance given by the ladies of St. Mary's in the opera house happened to fall on one of the nights featured by the bad weather, Wednesday night, and as a result the larger portion of the big crowd could not attend. However, 30 couples were on hand for the evening and they all enjoyed themselves very nicely. The cool weather made the dancing all the more enjoyable.

Mr. and Mrs. Frank A. Henkel of Henkel Station were visiting their many friends and relatives in West Brooklyn and vicinity Thursday afternoon.

J. G. Conshack returned Friday from a week's visit with relatives and friends at Odell and other central Illinois towns.

It is with regret that we learn of the death of our former neighbor, Mr. Ludwig Spinnler, at Howard, South Dakota. The letter addressed to the writer by Nicholas Spinnler, a son, follows: Just a few lines to let you know that my father died on July 29 of heart disease. He had been in failing health for about a year but was taken worse during the latter part of April and gradually grew worse until the day of his death. He was buried from the Catholic church of Howard, S. Dak., on Saturday morning, July 31 at 9 o'clock with burial at St. Joseph's cemetery. Father was born at Biern, Germany, on January 17, 1851, being 64 years, 6 months and 18 days of age. Those who attended the funeral from afar were Mrs. Nich Huber of Sauemin, Ill., and Mrs. Frank Quinn of Strawn, Ill.

The deceased was well known at West Brooklyn, having lived on the farm now tilled by Chas. Mackin for a number of years. He has a large circle of friends and acquaintances here who join the News man in extending sympathy to his family and relatives in their bereavement.

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

WOMAK REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind. — "My baby was over a year old and I bloated till I was a burden to myself.

I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused.

I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine.

"I hope other suffering women will try your Compound. I will recommend it to all I know." — Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Will the readers of the Telegraph be kind enough to look at the date on the little yellow tag. It serves as a receipt.

SCHOFIELD HOTEL AND COTTAGES

This popular resort is almost as well known as the Dells. It has been entertaining summer guests for forty years, and has lately been enlarged in capacity by the erection of a large modern building, fully equipped with every modern convenience, and affording dining room, assembly parlors, etc. This is an addition to the popular cottage plan, and adds to the previous popular attractions of the older system. The hotel and cottages are in extensive grounds, delightfully shaded by large oaks, and being away from the river is most especially desirable for families with children. The location is in the edge of Kilbourn on a pretty resident street, but a pleasant walk from the river and depot, and with regular free bus and carriage service to these points. The large hotel is not surpassed in this locality in point of modern style and comfort. The annex cottages and grounds make it altogether everything that anybody would desire. The test of efficiency is in the table. This hotel is especially noted for its excellent table board. Fresh butter, eggs, vegetables and fruit are supplied daily from the farm, and its preparation by a professional chef is perfect; chicken dinners twice a week.

family for week or longer. Rooms with bath must be applied for in advance.

Rates: \$2 per day, \$12 per week, half rates for children; rates made to family for week or longer. Rooms with bath must be applied for in advance.

Free use of garage.

Wall Street Losses.

Sturdy old Frank Work, of New York, long ago was asked by an inquisitive person if he had lost much. He growled out in reply, "No, of course not. I haven't lost a blessed cent," and he followed with a lucid explanation, "but I've shrunk five millions of dollars." — Ambassador Reid in London.

Property.

The last thing we need to be anxious about is property. It always has friends or the means of making them. If riches have wings to fly away from their owners, they have wings also to escape danger.

Historic Pass Words.

The king has sent to the British Museum a collection of "pass-words" used for the court and the city for each day in the months of July, 1812, and November, 1820, signed by George IV., as prince regent and as king, and this has been placed in the department of MSS. where other notes of the kind are kept.—Birmingham Post.

The Blind.

The blind are a peaceable people who do not cause themselves to be much talked about. That is no reason why we should forget them. The efforts of their teachers at the Hamburg congress to utilize the fruits of their common experience are infinitely praiseworthy.—Le Petit Parisien.

Fascination of London.

London acts on the dweller in it as the sound of a bugle does on the war-horse. Having once heard it he longs to hear it again. It is usually when broken in hope and spirit that the Londoner desires to permanently flee from town.—London Opinion.

Housekeeping.

It is generally assumed by one class of the up-to-date that, to be thoroughly domesticated, a woman must be proportionately stupid. Nothing of the sort! Why, the housekeeping of today involves mental gymnastics before which the tricks of the trade in diabolists pale.—Lady Phyllis in the London Bystander.

AMBOY

Amboy, Aug. 9.—Mr. and Mrs. Hal Fenstermaker of St. Paul, Minn., are here on a visit.

Miss Vera Eddy of LaMoille was in this city last week.

Wayne Mason of Aurora spent a few days with his parents, Mr. and Mrs. P. W. Mason.

Miss Anna Miller is spending a few days in Eldena.

Mrs. Alice Felker was a Dixon visitor recently.

E. E. Barnes of Chicago spent a few days at his home in this city.

Mrs. Philip Clark is entertaining her niece, Miss Verna Phelps of Sterling.

Mrs. E. Hamilton has returned from a visit in Chicago.

C. A. Owens entertained Mr. and Mrs. W. J. Thomas of Paw Paw and Mr. and Mrs. D. E. Thomas of Bangor, Mich., last week.

Rev. H. H. Appelmann is spending his vacation at New York, Boston, and other points of interest in the east.

Mr. and Mrs. Will Harkins have returned to their home in Chicago after a visit at the home of Miss Mary Harkins of this city.

Mrs. W. G. White had as guests, Mrs. Armstrong and daughter and Mrs. Lee Dyer of Peoria, for the past few days.

Mrs. George Gipson and son have returned from a vacation trip to Kane and DeKalb counties.

Miss Edith Heath of Rochelle was a guest of Amboy relatives last week.

E. D. Kinney accompanied Miss Jessie Lea of Des Moines, Ia., to her home for a short visit. Miss Lea has been visiting in this city for some time.

Mrs. Lucia Kelley of Dixon is visiting in this vicinity.

Al Masterman, a former Amboy resident, is at present director of the orchestra at Pantages Theatre, Salt Lake City, Utah.

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Dixon Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorers who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-told and confirmed with new enthusiasm. Can any reader doubt the following. It's from a Dixon resident:

B. A. Worley, blacksmith, Peoria Ave., Dixon, says: "The action of my kidneys was irregular and annoying and my back ached. After using Doan's Kidney Pills, the pains left my back and my kidneys became regular in action." (Statement given May 21st, 1912.)

Over two years later, Mr. Worley said: "Whenever my back gets lame and sore and needs a kidney medicine, I use Doan's Kidney Pills, and they give me relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Worley had. Foster-Milburn Co., Props., Buffalo, N. Y.

BELLES ARE KIDNAPED FROM INSANE ASYLUM

Police Seek Two Women Taken Away in Automobile.

Kankakee, Ill., Aug. 10.—Authorities
in all the counties adjoining Kankakee
and also in Cook and Coles counties
are searching for an automobile,
believed to contain the two prettiest
female patients at the Kankakee state
hospital, and their male companions,
who are alleged to have kidnaped
them from the institution.

The patients are: Edith House, 21
years old, committed from Mattoon,
Coles county in 1914, and Dorothea
Reese, 24 years, committed from Che-
banse, Kankakee county in 1913. The
latter originally hailed from Cook
county and prior to her commitment
to the local institution, was a bare-
back rider with a circus.

The girls were not classed as in-
sane patients, according to Dr. Cohn,
assistant superintendent of the institu-
tion, but rather, were classed as
feeble-minded persons and were al-
lowed liberties which other patients
would not be permitted.

DUNNE OUSTS DENTAL MEN

Cases of Drs. Cox and Smith Trans-
mitted to Prosecutor.

Springfield, Ill., Aug. 10.—Dr. N. W.
Cox of Cairo and Dr. B. A. Smith of
Champaign were removed from the
state board of dental examiners by
Gov. Dunne, and face prosecution on
charges of bribery in Cook county. A
report of the alleged irregularities of
the dentists which caused the govern-
or to act was transmitted to the at-
torney general, who in turn will re-
quest State's Attorney Hoynes to act
on a charge involving Chicagoans.

Gov. Dunne in removing Drs. Cox
and Smith made the following state-
ment: "In the answer filed by Drs.
Cox and Smith, denial is made of all
the charges of bribery and corrup-
tion. In their answer, however, they
virtually admit the charge of intoxi-
cation and other serious indiscretions.
These admissions alone, if there were
nothing else, justifies their removal
from office."

state and city attorney, died sudden-
ly of heart failure.

BRITISH BUY MORE HORSES

Resume Purchases in East St. Louis
of War Animals.

East St. Louis, Ill., Aug. 10.—Agents
of the British war department re-
sumed the purchase of war horses at
the National stock yards here.

Th daily purchase of 200 horses
were stopped about a week ago, be-
cause of the lack of sufficient trans-
ports at Newport News for conveying
the animals to England.

No Ban on Illinois Cattle.

Springfield, Ill., Aug. 10.—The Illi-
nois commission to the Panama-Pacif-
ic exposition in San Francisco circu-
lated a bulletin to the live stock in-
terests of the state declaring erro-
neous the bulletin issued July 28,
withdrawing the prizes offered for Il-
linois cattle at the fair.

RUSSIANS CHECK DRIVE ON BALTIC

Petrograd Claims Outflanking
Move Is Defeated.

CZAR'S RECRUITS SAVE RIGA

Germans Occupy Praga and Continue
Advance to South—Breach of Twen-
ty-two Miles in Russ Line North
of Lubin Is Claimed by Teutonic
Allies.

London, Aug. 10.—While Vienna dis-
patches assert a breach 22 miles wide
has been made in the Russian line
between Lubartow and Baranow, in
Southern Poland, and Berlin reports
the complete occupation of Praga,
across the Vistula from Warsaw, and
gains at all other points in Poland,
analysis of reports indicates that the
Russians have more than balanced
the day's score by driving the Ger-
mans from Bansk, Courland.

This Russian victory is cited as of
vast importance in that it not only
halts the German drive toward Riga,
and the outflanking movement planned
there to make the Russian second
line of defense untenable, but it also
saves the armies which have retreat-
ed to Riga, and the vast war supplies
and thousands of cattle and quanti-
ties of provisions removed there in
connection with the Slav retreat in
Poland.

Petrograd Optimistic.

Petrograd dispatches assert the
Teutonic campaign in the Baltic re-
gion has completely failed and Von
Buelow's northern army has fallen
back to Mitau. This Russian victory
is generally credited to the 600,000
fresh men, many of whom had had
but one month's training before they
were hurried for this point by the
czar four days ago to stop the Teu-
ton advance near the Baltic.

Dispatches from Berlin say a Swiss
estimate puts the Russian losses at
3,000,000 men, adding that only dis-
organized hordes are left. This state-
ment, published in the Lauzanne Ga-
zette, an anti-German organ, declare
that it will take the Russians two
years to reorganize, drill and equip
an army to take the place of the
millions lost. Austrian correspond-
ents place the number of Russians
captured in Von Woyrsch's drive to-
ward Brest-Litovsk in the last 24
hours at 10,000.

BANK CLERK THOUGHT DEAD

Clothing. Found in Bathing Beach
Locker, Only Evidence of Death.

Gary, Ind., Aug. 10.—Mystery sur-
rounds the supposed drowning at Mil-
ler beach, five miles east of Gary, of
Clarence V. Burnson, age 24, a Chica-
go bank clerk. Burnson's clothing
remaining in a locker offers the only
evidence that he met his death in
Lake Michigan.

Burnson, an employee of the United
Trust and Savings bank, came to Mil-
ler beach in company with his sisters,
Bessie, Edith and Rose Burnson, of
Pullman, Ill. The girls went into the
water, Burnson promising to follow
them. That was the last seen of him,
but later an official of the bank ac-
companied by two Chicago detectives
visited the beach, and examined Burn-
son's clothing.

DOWNEY ON CLAIMS BENCH

Indiana Man Succeeds to Vacancy
On His Merits.

Washington, Aug. 10.—The presi-
dent appointed George E. Downey, of
Aurora, Ind., associate justice of the
United States court of claims. Mr.
Downey is at present controller of the
treasury. The appointment is in no
wise regarded as political, but as a
deserved promotion.

Almost two years ago Mr. Downey
was appointed controller of the treas-
ury on the recommendation of Sena-
tor John D. Works, of California, who
is a relative, and a former Indianan
and Representative Lincoln Dixon, of
the Fourth Indiana district.

Was Prominent Democrat.

New Albany, Ind., Aug. 10.—Charles
D. Waltz, 60 years old, a prominent
democrat in this county, is dead at
Georgetown.

BOTH SHOT BY SAME PISTOL

Wounded Man Turns Pistol on As-
sailant—Both May Die.

Herrin, Ill., Aug. 10.—John Semos
and James Felu were probably mortal-
ly wounded here in a pistol duel
in the confectionery store of Gus
Matalas on one of the principal
streets of Herrin.

The shooting took place over
Semos' estranged wife. Semos en-
tered the store alone, and found Felu
and Mrs. Semos seated at a table eat-
ing ice cream. Semos immediately
drew an automatic pistol from his
pocket and shot Felu four times. Felu,
though dangerously wounded, grap-
pled with his assailant, knocked him
to the floor, wrested the weapon from
him and fired two bullets into Semos'
body. Both men will probably die.
